ARMY PROMOTIONS BY HUNDREDS ARE SENT TO SENATORS

SENATE ADDS HUGE SUM FOR MILITARY SUPPORT

Reports Army Appropriations With \$148,295,000 Tacked On

(Associated Press by Federal Wireles)
WASHINGTON, D. C., July 11.—Complying with the requirements of the army reorganization bill and the large expansion in number of officers made necessary under it, the senate today received the nominations for promotion of hundreds of officers.

President Wilson's list of nominations includes 27 lieutenant-colonels, 41 majors, 100 captains and several hundred lieutenants.

\$148,000,000 ADDED TO BILL BY SENATE

WASHINGTON, D. C., July 3.—The senate military committee today, after adding \$148,295,000 to the bill for the support of the army as it passed the house, reported it to the senate. The measure carries a total of \$320,598,000, which makes it the largest army bill ever reported to either house of Congress.

The heavy increases, members of the committee said, were made necessary by the reorganization of the regular army, the federalization of the National Guard and the imperative necessity of equipment for both forces in connection with Mexico.

The bill makes provision for a year for the regular army, but only for six months for the National Guard, on a basis of 240,000 men.

Evidently anticipating more active service in Mexico than the house did, the senate increased from \$75,000 to \$1,000,000 the item for the payment of six months' pay to the beneficiaries of officers and enlisted men who die while in active service from wounds or disease.

NEW OATHS NOT REQUIRED, SAYS CABLE MESSAGE

National Guard Ruling Sent By Brig.-Gen. Mills of Great Importance to Hawaii

No new enlistment oaths will have to be signed by members of the National Guard of Hawaii, according to a cablegram received shortly before noon today at National Guard headquarters from Brig.-gen. Albert L. Mills, chief of the division of militia affairs, Washington, D. C.

The cable says that the militia bureau has reversed its decision requiring the new oath to be subscribed to by guardsmen of the mainland and the Territory of Hawaii. This reversal is apparently the result of advice from the militia bureau's legal advisers. The message adds that the present oath is satisfactory, and that the new form will be required only in the case of new enlistments. The status of those already members remains the same as before.

Today's cable means that a great deal of work will be saved, as taking the new oath has just been begun, and has proved somewhat tedious as regards securing signatures, especially as each company member was required to sign in triplicate on three separate sheets.

Bids for dredging Kahului harbor will be opened Wednesday afternoon at 2 o'clock by the board of harbor commissioners. The work is expected to cost about \$19,000, and consists of removing accumulated silt and debris washed into the harbor by winter floods in the last few years.

HIRAM BINGHAM JOINS YALE MEN IN ELI BATTERY

Hiram Bingham III, professor of South American history at Yale and a "son of Hawaii," has joined the Yale Battery of Field Artillery and expected, when last heard from, to be sent to the Mexican border. The Yale Battery is part of the Connecticut National Guard and so eager were the Yale men to enlist that they filled the maximum strength allowed under the Connecticut law, 486, with more than that number unable to enlist. Prof. Bingham is an outspoken believer in military training for civilians.

CHIHUAHUA CITY, Mex., July 11.—The main body of Villa's men, retreating from Jimenez, was forced to turn at bay and battle with the Carranzistas at Parral, according to reports received here today. The battle, beginning at dawn, was a victory for the Carranzistas, says an official despatch to Gen. Trevino. Gen. Garcia reported that the bandits, after losing the battle, again retreated. "If they make a stand at Sombrerillo the deciding battle of the Villista campaign will be fought perhaps tomorrow," he telegraphed.

ALLEGED ABUSES JUDGE ASHFORD.
On the ground that it is filled with abuse and denunciation of Circuit Judge C. W. Ashford, and also that it attacks his integrity and personal character, the city attorney's office has petitioned the supreme court that the brief of W. L. Peterson, recently convicted of usury, be stricken from the records.

FREAR HONORED BY MEMBERS OF CLUB AT LUNCH

More than 250 members of the Pan-Pacific Club gathered at the Alexander Young hotel to attend the farewell luncheon given for Hon. Walter F. Frear, who is leaving soon for an extensive tour of the Antipodes. In his talk Frear said that he was thankful for the many friends who had come to say aloha, and also wished to thank Alexander Hume Ford, who was very much alive.

During his remarks he praised the work of the Hands-Around-the-Pacific Movement, and stated that his trip was to acquaint himself with conditions in the other countries bordering on the Pacific. He concluded by asking all to support the Pan-Pacific Exposition which will be held in Honolulu in 1919.

A number of talks were given by members of the club. M. G. Santos, editor of the O Luso, said that the Portuguese always built up a country; Dr. Syngman Rhee said that the Koreans would help; C. C. Ramirez announced that the Filipinos would work for a greater club and A. Wong said that he welcomed the opportunity to do honor to Fred and join the Pan-Pacific movement. Mayor John F. Lane, in a short talk, praised Frear and Ford and remarked that he was glad to be with men with brains. Moriama called himself a Japanese but was an American in spirit. L. W. de Vis-Norton told of the beauties of Queensland, one of the places where Frear will visit.

Alexander Hume Ford, father of the Hands-Around-the-Pacific movement, told how the organization was founded about eight years ago and how one of the first official acts of Walter F. Frear, then governor, was the authorization of Ford to spread the propaganda in Australia and New Zealand.

Today, the speaker pointed out, there are hundreds of organizations and thousands of members affiliated with the movement. During his trip Ford stated that former Governor Frear doubtless will have many opportunities of telling the people of Australia the things which the Pan-Pacific Club, with their assistance, hopes to accomplish.

Speaking of the work of the organization, Ford said that probably the greatest thing it has yet undertaken is the furthering of the project to hold a Pan-Pacific exposition in Honolulu in 1919, to which will be invited all the nations bordering on the Pacific.

At the luncheon given in honor of Hon. Walter F. Frear today, Alexander Hume Ford appointed a committee to work on the plans for Honolulu as a free port. The committee will report their findings at a future meeting. They are as follows: Jarred Smith, Riley H. Allen, L. A. Thurston, W. R. Farrington, E. D. Tenney, W. A. Bryan, W. R. Castle, F. L. Waldron, J. F. C. Hagens, E. H. Wodehouse, C. K. Al and S. Sheba.

FORGER, BURGLAR GETS TWO YEARS IN PRISON

Circuit Judge Ashford has no use for breakers of the law—especially those who enter other people's homes in the stillness of the night or who forge checks. This was proved today when Judge Ashford sent Adam C. Lee, a Korean, over to High Sheriff Jarrett's hostility on the "reef" to spend the next two years at hard labor. Lee pleaded guilty to a charge of forging the name of A. A. Young to a check for \$32, and also to a charge of having entered the home of Mrs. Cora Macpherson. Aside from serving the sentence he must pay the costs of the court.

L. L. McCANDLESS IS NOT CERTAIN STUART SAID IT

Not Ready to Believe Off-hand in Circuit Judge's Famous Letter to Wilson

If Circuit Judge Thomas B. Stuart ever falls into line for the Hawaii governorship, he will have the undivided support and assistance of the so-called McCandless-Wilson faction of the local Democratic party, L. L. McCandless, leader of the faction, declared today.

But this does not necessarily mean, McCandless added, that the "bons of Paahi street" are in accord with Judge Stuart in the attack which he has made on President Wilson, Attorney-general Gregory and Secretary of the Interior Lane, nor does it mean that they are supporting his attack.

McCandless intimated in the interview that he is not wholly inclined to believe that Stuart's attack is as serious as many believe it to be.

"Personally," said McCandless, "I think that anything unfair which it has been reported Stuart said against the president should be taken with a grain of salt unless it comes from Stuart himself."

McCandless added that he recently received a letter from Judge Stuart, in which no mention was made of the president, or the judge's attack on the chief executive and other high government officials.

"Judge Stuart went with us to see the president while we were in Washington, and told me that he liked him very much, his manner and presence," McCandless continued.

"Our faction of the party is not necessarily supporting what Judge Stuart says. The faction is friendly to the Wilson administration. The action of our delegates at the convention will show that. We feel that he should and will be reelected."

McCandless, however, did not express the same friendly feeling toward Gregory and Lane.

"I do not think that Lane has treated Hawaii as we should be treated," he declared, "and had I been the attorney-general, I would never have appointed Republicans to responsible positions in Hawaii."

"This does not mean that I am either friendly or unfriendly to Lane or Gregory, but I do not believe the latter should have appointed Republicans. And the same applies to Stuart."

McCandless declared that he did not think there could ever be as "rabid a Republican" in Hawaii as the present governor. "But," he added, "I am not inclined to believe the reports of Judge Stuart's attacks until I have it direct from Judge Stuart himself."

He emphasized the statement that his "hat is not in the ring" for the governorship, but declared that he wanted to see a Democrat in office as governor.

"And I told them this in Washington," he added. "This is our inning, and why should we not have what goes with it? During the last administration, how long did it take the Republicans to clean out every Democrat in office? Just about two weeks."

He declared that, with the anticipated reflection of Wilson, the Democrats hope to see a change in the governorship.

"If I was offered the position, I would accept it," he said. "But I have made no application for the office. We have plenty of Democrats in Hawaii

GERMANY MAY SEND UNDERSEA FREIGHTER TO JANEIRO SOON

Deutschland Has Begun Discharge of Million-Dollar Cargo—Terrific Fighting Between British and Germans on West—Entente Commanders Confident

(Associated Press Service by Federal Wireles)
BALTIMORE, Md., July 11.—Late this afternoon Capt. Hughes finished his inspection for the U. S. government of the Deutschland. It is understood that he is satisfied the Deutschland is entitled to the status of a merchant-vessel. Capt. Konig made a statement this afternoon that he expects to depart for Germany within ten days.

In Washington today Secretary of the Treasury McAdoo informed Counselor Polk that the customs officials have decided that the Deutschland is a merchant-vessel and could not be converted for offensive purposes "without extensive structural changes."

LONDON, Eng., July 11.—A despatch from Germany says that according to the Vossische Zeitung, the German submarine Bremen left Kiel for American ports more than a month ago and has not been heard from since.

LONDON, Eng., July 11.—A Rio de Janeiro despatch this afternoon says that a sister ship of the Deutschland will arrive at Rio de Janeiro with in ten days.

PETROGRAD, Russia, July 11.—Up to July 10 the prisoners taken in Gen. Eruslov's new campaign numbered 5620 officers and 266,000 men. His forces also captured 866 machine guns.

WASHINGTON, D. C., July 11.—Taking the position that the German submarine Deutschland, which arrived Sunday from Bremen, is potentially a warship and therefore is not entitled to be treated by the United States as a merchantman, the Allied governments are lodging representations with the United States government.

The British and French embassies here have put their case before the state department. They maintain that even though the Deutschland was designed for and has been used as a merchantman, her intrinsic capabilities give her the characteristics of a vessel of war.

AMSTERDAM, Netherlands, July 11.—The submarine Bremen, which, according to Capt. Paul Konig of the Deutschland, is to follow his vessel in the trans-Atlantic service, has left the harbor of Bremen and is en route to the United States; according to the Berlin Vossische Zeitung.

BALTIMORE, Md., July 11.—Capt. Paul Konig announced today that he has no objection to an official inspection of the Deutschland on the part of the United States government. Accordingly, Captain Charles F. Hughes, member of the general board of the navy department, and two of the navy's experts in ship designing and construction, have arrived here to make a survey of the vessel. Their report is to deal primarily with the question whether or not the Deutschland is a vessel of war.

The Deutschland today began discharging her cargo, which is valued at \$1,000,000.

Two men have offered Capt. Konig \$5000 each to take passage on the vessel back to Germany, but their offer was refused.

First Lines Clash in Trones Wood; Gunners Fear For Own Men

BRITISH HEADQUARTERS IN FRANCE, July 11.—Fighting is heavy this afternoon on the front from Ovillers to La Boisselle and to the Trones wood.

The infantry of the British and that of the Germans are so close together in Trones wood that neither side can fire at the first line of trenches for fear of hitting its own men. Overhead the big shells are screaming as the gunners strive to break up the second and third lines and prevent reinforcements from reaching the advanced post.

LONDON, Eng., July 11.—The British steamer Sara, which struck a mine, has been abandoned. Boats with the crew have reached land safely.

British Take Contalmaison and Trenches in Torn Mameth Wood

LONDON, Eng., July 11.—The British are making some further progress in the prolonged battle on the new front. Much of the fighting is hand-to-hand and of the bloodiest description. The British have captured Contalmaison and several lines of trenches in Mameth wood. Fighting in Trones wood continues. Five hundred additional prisoners have been taken by the British forces in the last few hours.

General Situation on Somme Unchanged Today, Says Paris

PARIS, France, July 11.—The general situation on the river Somme is unchanged. There have been some attacks and the artillery is kept busy but no developments of note.

South of the Somme in the last two days of battling the French have taken 1300 prisoners.

who are qualified for office, and we want them appointed."

Referring again to Judge Stuart's attack, McCandless declined to state whether or not Stuart's attack on the president and others, as in despatches from Washington published in the Star-Bulletin some time ago, is meeting with favor by the "Paahi street Bourbons."

"I do not care to pass judgment on things which I do not know have happened," he laughed.

He added that members of the McCandless-Wilson wing in Hawaii, as well as certain persons in authority in Washington, have expressed themselves as being pleased with Judge Stuart's work on the local bench.

"Judge Stuart may come back to Hawaii," McCandless concluded, "but it will not be as circuit judge."

Manager Harry Murray of the water works department announced today that water will be shut off along Nuuanu avenue from Wyllie street to Beretania avenue, and along School street from Liliha to Fort, from 9 o'clock tomorrow morning until 4 tomorrow afternoon.

Rumors about the courtroom this morning when the case of A. T. Henderson was postponed for the third time were that the case of embezzlement brought against him by the von Hamm-Young Company would be eventually settled out of court, but there were no verifications of these reports.
